

BLM Survey Inventory Priority Drivers

For the detailed inventory of Cadastral Survey request information, the items in the spreadsheet under the Priority Driver column needs to be coordinated with the main budget themes requiring increased budget needs now being promoted on a national level for FY 2004 and beyond. Every effort should be made to relate the requests to these themes. Following are the six major themes and sub themes under each:

National Energy Plan, non-renewable energy

(Oil, gas, coal, other minerals, rights-of-way)

Implementation of Land Use Plans

Continued Land Use Plan Development

Plan Maintenance and Monitoring of Plan Success

Cadastral Services

Indirect Costs

National Energy Plan, renewable resources

(Wind, solar, geothermal, biomass, rights of way)

Implementation of Land Use Plans

Continued Land Use Plan Development

Plan Maintenance and Monitoring of Plan Success

Cadastral Services

Indirect Costs

National Landscape Conservation System

Implementation of Land Use Plans

Continued Land Use Plan Development

Plan Maintenance and Monitoring of Plan Success

Cadastral Services

Indirect Costs

Recreation and Visitor Services (outside the NLCS)

Implementation of Land Use Plans

Continued Land Use Plan Development

Plan Maintenance and Monitoring of Plan Success

Cadastral Services

Indirect Costs
